

The future of workplace

The Belgian company BuzziSpace was established in 2007. The new brand's designs became a worldwide hit almost immediately, as they responded to the global need to bring silence and style to the office. BuzziSpace designs can be used in changing environments worldwide: our offices, houses and other collaborative spaces are becoming increasingly compact and we are opting more frequently for open-plan spaces.

BUZZIMILK

A classic milk stool

This rustic-meets-modern take on the old farmhouse favorite would even make your grandma feel nostalgic. BuzziMilk is a sturdy little stool inspired by elements not usually found in a standard office space. Its goal? Create a warm and homey feeling at work.

BUZZIZONE

Free standing sound absorbing screen

The BuzziZone is a half-height sound absorbing partition wall that provides a little privacy and peace in your living room or office. It is light, colorful, tackable and sound absorbing. In other words, it is ideal for concealing a kids' corner, work area or quiet reading nook. What is more, the BuzziZone suits both modern and traditional interiors.

BUZZITRIHEX

A new take on the meeting table: functional yet elegant

The original round table has been rethought in its simplicity. Tuning the outlines and bringing in soft edges results in a distinctive design language which makes BuzziTrihex unique. The base is intentionally streamlined and subtle in its design to showcase the natural beauty of the wooden top. Available in two sizes, one rounded and the other rectangular, the table can fit up to nine or twelve guests. The BuzziTrihex is offered in a solid wood tabletop and base.
